MEMORANDUM FOR: Deputy Director of Central Intelligence

SUBJECT : Forwarding to Field Stations Information
on the Early Retirement Bill

1. This memorandum submits a recommendation for your approval; this recommendation is contained in paragraph 4.

2. During the recent survey of the Far East Division by the Inspection Staff, much interest in the Early Retirement Bill was encountered at all posts visited, particularly on the part of staff agents and of officers nearing retirement age. We find that the field stations have no information on the technical provisions of the proposed legislation.

3. There was an awareness that as of now Senate action is still a matter of speculation, and further that an Agency regulation would be necessary for its implementation if passed and signed into law.

4. Attached is an explanatory memorandum drafted by General Counsel, together with Report No. 763 prepared by the House Committee on Armed Services; these appear to be the best descriptions of the proposed legislation as it now stands. I recommend that the Deputy Director for Plans, in coordination with the General Counsel, send copies of this committee print and the accompanying memorandum to all station and base chiefs for their information and guidance until such time as implementing regulations are promulgated.
